

Lithuania

Overall Risk Score: 22

Risk Level: very low

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

1. **Business Interactions with Government:** Lithuania receives a good score of 29 in this domain, based on a low degree of government interaction, a low expectation of bribes, and a low regulatory burden.
2. **Anti-bribery Deterrence and Enforcement:** Lithuania receives a very good score of 17 in this domain, based on a very high quality of anti-bribery dissuasion and a very high quality of anti-bribery enforcement.
3. **Government and Civil Service Transparency:** Lithuania receives a very good score of 17 in this domain, based on good governmental transparency and very good transparency of financial interests.
4. **Capacity for Civil Society Oversight:** Lithuania receives a good score of 16 in this domain, based on a high degree of media freedom/quality and a high degree of civil society engagement.
