

# Honduras

**Overall Risk Score: 61**

**Risk Level: high**

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- 1. Business Interactions with Government:** Honduras receives a medium score of 64 in this domain, based on a medium degree of government interaction, a medium expectation of bribes, and a medium regulatory burden.
- 2. Anti-bribery Deterrence and Enforcement:** Honduras receives a poor score of 63 in this domain, based on a low quality of anti-bribery dissuasion and a low quality of anti-bribery enforcement.
- 3. Government and Civil Service Transparency:** Honduras receives a poor score of 66 in this domain, based on medium governmental transparency and poor transparency of financial interests.
- 4. Capacity for Civil Society Oversight:** Honduras receives a medium score of 53 in this domain, based on a medium degree of media freedom/quality and a medium degree of civil society engagement.
