

Maldives

Overall Risk Score: 57

Risk Level: medium

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- 1. Business Interactions with Government:** Maldives receives a medium score of 65 in this domain, based on a high degree of government interaction and a medium regulatory burden.
- 2. Anti-bribery Deterrence and Enforcement:** Maldives receives a poor score of 56 in this domain, based on a medium quality of anti-bribery dissuasion.
- 3. Government and Civil Service Transparency:** Maldives receives a medium score of 45 in this domain, based on medium governmental transparency.
- 4. Capacity for Civil Society Oversight:** Maldives receives a poor score of 55 in this domain, based on a low degree of media freedom/quality and a medium degree of civil society engagement.
