

Oman

Overall Risk Score: 40

Risk Level: low

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- 1. Business Interactions with Government:** Oman receives a good score of 37 in this domain, based on a low degree of government interaction, a low expectation of bribes, and a low regulatory burden.
- 2. Anti-bribery Deterrence and Enforcement:** Oman receives a good score of 34 in this domain, based on a high quality of anti-bribery dissuasion and a medium quality of anti-bribery enforcement.
- 3. Government and Civil Service Transparency:** Oman receives a good score of 30 in this domain, based on good governmental transparency and good transparency of financial interests.
- 4. Capacity for Civil Society Oversight:** Oman receives a poor score of 58 in this domain, based on a low degree of media freedom/quality and a medium degree of civil society engagement.
