

Uzbekistan

Overall Risk Score: 59

Risk Level: high

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- Business Interactions with Government:** Uzbekistan receives a medium score of 52 in this domain, based on a medium degree of government interaction, a medium expectation of bribes, and a medium regulatory burden.
- Anti-bribery Deterrence and Enforcement:** Uzbekistan receives a poor score of 70 in this domain, based on a low quality of anti-bribery dissuasion and a low quality of anti-bribery enforcement.
- Government and Civil Service Transparency:** Uzbekistan receives a medium score of 58 in this domain, based on poor governmental transparency and medium transparency of financial interests.
- Capacity for Civil Society Oversight:** Uzbekistan receives a poor score of 64 in this domain, based on a low degree of media freedom/quality and a low degree of civil society engagement.
